Project scope: Proposing to install a decorative textured pattern of the City’s logo into the pavement at the intersection of Bois d’ Arc Street and Main Street.

Attached is the cost estimate for materials and installation. The proposed work would be done at night to not disrupt traffic. The recommended contractor (Paveway Systems) is the same who did the color patterned crosswalks in the downtown area.

Recommended funding source – CIP fund balance for \$8,500

Staff is requesting Council approval to transfer \$8,500 of funds from the CIP Fund Balance and approval to move forward with this project.
