

City Council Agenda Item Summary Report

Meeting Date: December 3, 2019

Submitted by: Jon Thatcher, City Attorney

Consent <input checked="" type="checkbox"/>	Public Hearing	Action Item
Item Title: Consider a Resolution authorizing City Manager to execute Field Use Agreements for Recreation Sports at City Parks facilities for calendar year 2020, establishing a fee structure.		

How this item ties-in with the City's Mission, Vision and Values: Providing effective and efficient delivery of service in a sustainable manner to the citizens of Forney. [Accountable].

Summary Statement

The City's Amended (#1) Master Consolidated Interlocal Agreement with the Forney ISD will expire on December 31, 2019. A result will be that the City will no longer schedule and provide access to School properties for practices and games to the individual Sports Associations that provide recreational sports to the citizens of Forney and adjacent communities.

The City will continue to schedule City fields for the Sports Associations that have a desire to utilize the facilities. To mitigate the impact that competitive recreational play has on parks facilities, it is proposed that the City begin assessing fees based on registration and the use of lights and concession stands requested by the individual Sports Associations.
