Item Title: Discussion on joining the North East Texas Library Consortium for access to the Digital Library.			
Attachments: OverDrive Participation Contract			

Item Summary:

Discussion on joining the North East Texas Library Consortium for access to the Digital Library.

This contract would allow the City of Forney to join the Consortium for an initial period of 2 years at a cost of \$3,000 per year.

The IT department would work with the vendor “OverDrive” to setup a webpage on our City Website that would allow the creation of a “Digital Library Card” that would then allow them access to the Digital Library that all members of the Consortium have access to.

Staff is looking for guidance on if this is a fit for the City of Forney and for any next steps to be taken.
