Item Title: Discuss and consider all Tournament Agreements for recreation sports at Parks Facilities for calendar year 2022.			
Attachments: Peer City Data			

**Item Summary:**

During the June 16, 2021 Parks and Recreation Board meeting, the board discussed the 2022 Tournament Fee Agreements. The Tournament Agreements establish a fee structure for sports associations that have a desire to utilize City facilities, in a single or multi-day tournament setting. To mitigate the impact that tournament play has on parks facilities, equipment and staff, the City assess a fee to the tournament provider.

Currently, the City has an all-encompassing tournament fee structure for baseball, softball, soccer and kickball. The current structure is \$2,000 and includes the use of up to four fields for a maximum of three days. Additional fields can be requested at an additional cost of \$400 per field per day.

The fee structure for the multi-purpose fields is set at \$200 for a half day and \$400 for a full day.

The Parks Board made the recommendation to maintain the tournament fee structure set for softball and baseball, as well as the half day/full day single field rental for the multi-purpose fields.

The Parks Board also made the recommendation to alter the tournament fee structure for soccer. The Board made the recommendation to set soccer tournament fees of \$135 per field per day with a four-field minimum, to include standard field dimensions determined by the Parks Department, with an option to get a variance from the Parks and Recreation Board.

**Recommendation:**

Staff recommends approval of the softball/baseball fee structure, as well as the multi-purpose half day/full day rentals.

Staff recommends denial of the proposed soccer fee structure. Alternatively, staff recommends approval of a fee structure for soccer tournaments set at 15% of total registration revenue.
