Item Title: Discuss and consider approval of a Resolution cancelling the October 5, 2021, regularly scheduled meeting of the City Council.			

Item Summary:

The first meeting of the month in October is October 5, 2021, which is also National Night Out. In the past, we have started that meeting earlier in order for Council to attend the various National Night Out events. This year, the first day for the TML Annual Conference is Wednesday, October 6, 2021, in Houston. In order for Council and staff to safely travel to Houston, and for Council to attend the various National Night Out events, we are proposing that the October 5, 2021, City Council meeting be cancelled.

The next regularly scheduled meeting is October 19, 2021. Only holding one meeting in October will be sufficient to handle city business.
