Item Title: Transportation Presentation on Current Kaufman County Bond Projects and Potential City Road Projects.			
How this item ties-in with the City's Mission, Vision and Values: Ensuring public improvements maintain a safe environment and foster quality growth within the community			
Attachments: Supporting Documentation			

**Item Summary:** The Engineering Department is providing an update on current Kaufman County Transportation projects that were funded through two separate bond elections, one in 2013 and the second in 2019. The presentation also will discuss possible City transportation projects that could be considered for a local bond election. These projects will be proposed to the bond committee in an upcoming bond committee meeting. In addition, the presentation plans to educate Citizens, Mayor and Council on the process of how the County Bond projects are executed from inception to completion.
