Current Standards:

The property includes 102 acres of property zoned within the Agricultural District and approximately 18 acres of property currently being considered for annexation. City Council will consider the annexation request on January 18, 2021. The City Council approved a development agreement for the property on December 7, 2021. The development agreement allows for the light industrial development of the property.

Site Plan:

The Site Plan shows two light industrial buildings. Building 1 is 1,021,440 square feet and Building 2 is 470,400 square feet. The approved uses include Light Industrial uses and the following specific uses:

1. Distribution Center
2. Manufacturing, General (CUP required)
3. Outside Storage (Truck and Tractor Trailer Storage)
4. Accessory Use
5. Wholesale Distribution Center

The planned development regulations and site plan design are consistent with the other nearby light industrial planned developments.

Accessibility:

The property provides direct access to Helms Trail and Sage Hill Parkway.

Future Requirements:

If approved, future development of the property will require approval of:

1. Final Plat
2. Civil Plans (staff approved)
3. Building Plans (staff approved)

Recommendation:

On January 6, 2022, the Planning and Zoning Commission voted to deny the request. This recommendation was made because the planned development zoning request for this property was not recommended for approval earlier in that same meeting. The applicant is appealing the Planning and Zoning Commission recommendation.

Staff recommends approval of the preliminary plat and site plan if the planned development zoning is first approved. However, the preliminary plat and site plan should each be denied if the zoning request is denied.
