RE: Recommendation to Accept Public Improvements  
Stillwater One Addition (Forney Logistics Crossing)

The public infrastructure for the Stillwater One Addition project has met the City of Forney design standards, with all punch list items being addressed and the CME book delivered and accepted. The public improvements include:

Storm Sewer and Paving (Drive Approaches)

Water improvements for this project are located within the Talty SUD CCN, Talty has accepted all water infrastructure that would be considered public.

The Engineering Department recommends acceptance of the public improvements at this time.

If you have any questions feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "T. John Casey". The signature is stylized and cursive.

T. John Casey, P.E.  
City Engineer
