**Item Title:**

Consider approval of GDT hardware and services quotations to improve IT security and routing

### Summary Statement

GDT will work with Forney IT Department as part of two phased approach implement the following:

#### Phase I

Design, Install, Configure one (1) Next-Generation Firewall (“NGFW”) w/ Advanced Security license at the Police Department (“PD”) Data Center to achieve the following:

- Enforce NGFW inspection services to all traffic ingress/egress the PD.
- Terminate AT&T (250Mbps) and Suddenlink (100Mbps) circuits.
- Cleanup, implement dynamic routing to ensure optimal routing.

#### Phase II

Design, Install, Configure one (1) NGFW w/ Advanced Security license at Client City Hall (“CH”) Data Center to achieve the following:

- Consolidation of existing Firewall and Sentinel Intrusion Detection System (“IDS”)/ Intrusion Prevention System (“IPS”).
- Enforce NGFW inspection services to all traffic ingress/egress CH.
- Terminate AT&T (250Mbps).
- Cleanup, implement dynamic routing to ensure optimal routing.

Hardware Cost - \$35,441.21

Services Cost - \$14,558.50

Total Cost **\$49,999.71**
