**Item Summary:** The Forney Police Department is seeking approval for application with the U.S. Department of Justice, Office of Community Oriented Policing Services (COPS), and their COPS Hiring Program. The DOJ's objective is to provide community advancement by assisting agencies like Forney with hiring police officers. The grant stipulates each agency focuses on one specific "*problem area*" (the DOJ provides a list) related to community policing.

The Forney Police Department will focus on two problem areas that deserve our attention in the community. *Building Legitimacy and Trust* with the community and *Police-Based Response to Persons in Crisis*. These areas can be addressed with a Forney Police Department Community Services Section. If approved, this funding would allow the Forney Police Department to create this much-needed section, consisting of two sworn police officers. Their focus will be the community's needs via community engagement activities and providing services for those struggling with mental health.

Attached is a post-reward fact sheet that provides further information on the 2022 COPS Hiring Program (CHP). With Council approval, the Forney Police Department and grant management will prepare the necessary documentation to apply for the 2023 COPS Hiring Program grant when the Department of Justice announces the opportunity.

## 2022 COPS Hiring Program

### *Advancing Community Policing by Hiring Officers*

The COPS Hiring Program (CHP) is designed to reduce crime and advance public safety through community policing by providing direct support to state, local, and tribal law enforcement agencies nationwide. CHP funding supports the hiring of career law enforcement officers to increase an agency's community policing capacity and crime prevention efforts. The FY 2022 CHP award program was an open solicitation. All local, state, and tribal law enforcement agencies having primary law enforcement authority were eligible to apply. The award selection process was highly competitive and based on a variety of factors including problem focus area, local crime data, agencies' commitment to community policing, agencies' demonstrated financial need, and statutory formulas.

The COPS Office received 711 CHP applications during the open solicitation period from law enforcement agencies in nearly every state and U.S. territory. After careful review of all applications, the COPS Office made FY 2022 CHP awards to 180 state, local, and tribal law enforcement agencies totaling \$139,671,369 to support the hiring of 973 full-time officers and deputies. These awards represent an important investment in our nation's safety and law enforcement communities.

### Supporting Local Law Enforcement

Twenty-eight years after the Violent Crime Control and Law Enforcement Act of 1994 was signed into law, the COPS Office continues to support the efforts of law enforcement agencies across the country as they develop creative and innovative ways to deal with long-standing community crime problems and public safety issues. To date, the COPS Office has invested more than \$14 billion, including grants to more than 13,000 state, local, and tribal law enforcement agencies, to reduce crime by advancing community policing. In all, COPS Office funding has supported the hiring of more than 135,973 law enforcement officers in agencies large and small across the nation.

CHP is the COPS Office's flagship program with a long history of promoting police-community partnerships for the express purpose of crime reduction through effective community policing. Through CHP, the COPS Office is

supporting our nation's front-line heroes by providing them with needed resources and expertise to enhance local community policing strategies and tactics.

### Problem Focus Areas

All proposed plans and focus areas were eligible for funding; however, additional consideration was given to agencies selecting one of the following priority focus areas:

- **Building Legitimacy and Trust**
- **Violent Crime** - with additional consideration for community violence intervention (CVI) approaches in areas of high gun violence
- **Police-Based Response to Persons in Crisis**
- **Combating Hate and Domestic Extremism**

### Highlights of CHP FY 2022 Funding

- The demand for CHP funding remains extremely high among law enforcement agencies nationwide. The COPS Office received 711 applications, 25 percent of which received awards.
- Eighty-six of the awardees will use the funding to focus on building legitimacy and trust, 30 will seek to address high rates of gun violence, 26 will focus on other areas of violent crime, and 28 will focus CHP resources on combating hate and domestic extremism or police-based response to persons in crisis.

## Program Funding Provisions

CHP awards provide up to 75 percent of the approved entry-level salaries and fringe benefits of full-time officers for 36 months, with a minimum 25 percent local cash match requirement and a maximum federal share of \$125,000 per officer position. Awards are five years long to allow time for recruitment and hiring before the 36 months of salary funding begins.

Any additional costs for salaries and fringe benefits higher than entry level are the responsibility of the recipient agency. The COPS Office granted waivers of some or all of an applicant's local cash match based on a demonstration of severe fiscal distress.

CHP award funds may not be used to supplant (replace) local funds that agencies otherwise would have devoted to sworn officer hiring. The hiring of officers under CHP must be in addition to, and not in lieu of, officers who otherwise would have been hired with state or local funds.

At the conclusion of 36 months of federal funding, recipients must retain all sworn officer positions awarded under the CHP award for a minimum of 12 months. The retained CHP-funded position(s) should be added to the recipient's law enforcement budget with state or local funds, over and above the number of locally funded positions that would have existed in the absence of the award.
