Quotes are good for 30 days

Freight quotes are good for 14 days

Estimates provided are an approximation of timing and charges to you for the services requested. They are based on the anticipated work to be done. It is possible for unexpected complications to cause some deviation from the original quote. You hereby authorize the repair work described in this estimate to be done along with the procurement of the necessary material(s), including permission to operate the vehicle for on-road testing or inspection. If any additional repairs are required, we will prepare a revised work order providing the cost of additional parts and labor along with a total revised cost.

Previously used wire is considered compromised, and for safety removed and disposed of. We will place all old unused equipment in the new vehicle before delivery to the customer. In cases where we have removed the factory rear seat, console or any parts replaced with after market equipment and there is no room to load them in the new unit, you will have 14 days to pick up the discarded equipment.

No other notification will be sent. All parts installed as quoted and approved are new unless specified otherwise.

Deposits are non-refundable. No returns or refunds on special ordered items or electrical parts. There is no warranty for used parts supplied by customer.

You agree that we are not responsible for loss or damage to your vehicle, including loss of articles left in the vehicle, including, without limitation, in case of fire, theft, or any other cause(s) beyond our control. We are not responsible for any delays caused by unavailability of parts or delays in delivery of parts by the supplier or transporter. You have the right to know before authorizing any additional repairs what those repairs will be and what they will cost. If required repairs exceed the authorized estimated amount, we must obtain your approval to perform the repairs. We will keep you informed and perform only repairs authorized by you.
