Item Title: Discuss and consider action regarding a Resolution approving a Professional Services Agreement between the City of Forney and AED123, LLC for performing monthly inspections on AED units at 23 locations across the City.			
Attachments: Resolution Draft Professional Services Agreement – Reviewed by Legal			

Item Summary:

The City currently has only 13 Automatic External Defibrillators (AED) units and we will be purchasing another 10 units from AED123. This will provide us with 23 AED units across all City facilities. Also, in Texas we are required to have an AED maintenance program and physician oversight with medical direction. We do not currently have either of these components in place and this contract would provide us with both. This contract would be for 3 years and cost the City \$11,990 per year at a total cost of \$35,970.

This contract will be funded out of the Facilities Maintenance operations budget.

Staff recommends approval of this resolution.
